

**Alaska Certified Erosion and Sediment Control Lead
(AK-CESCL) Storm Water Training Program Registration Form**

IN-PERSON COURSE

AK-CESCL is a training and certification program to enhance compliance with the Alaska Department of Environmental Conservation Construction General Permit for storm water discharges. It is overseen by the Alaska Storm Water Steering Committee (ASWSC) to provide standardized training statewide. ASWSC is a collaboration of government agencies and contractor associations.

AK-CESCL training is a two-day course that includes the erosion and sedimentation processes, the regulatory requirements, Storm Water Pollution Prevention Plans, Best Management Practices, inspection, record-keeping, and cold climate challenges. To become certified, an individual must attend the entire course and pass a written exam. The certification is valid for three years.

- Cost is \$420 for Members and \$480 for Non-members
- Payment is due at time of registration. **Cancellations require 7 working days' notice prior to course date. Late cancellations and no-shows are non-refundable, but you may attend a later class.**
- ABC offers scheduled classes in Anchorage and upon request for groups of 8 or more.
